

IUPUI

CENTER FOR SERVICE AND LEARNING

FACULTY & STAFF RESOURCES

As a part of the Institute for Engaged Learning, the Center for Service and Learning (CSL) supports individuals and groups in using civic learning, civic teaching and inquiry as entry points to cultivate student civic-mindedness and to nurture their development as community contributors, problem solvers and agents of democracy.

CSL also supports the campus mission for civic and community engagement by providing learning and networking opportunities for faculty, staff and graduate students to further their growth and development as practitioner-scholars in the areas of: civic learning & democratic community engagement, the scholarship of engagement, and public & community-engaged scholarship.

Mission

Building capacity for ethical and equitable community-engaged learning that prepares the next generation of civic-minded graduates and professionals to contribute to just, democratic and resilient communities.

Ways We Support Individuals & Departments

Consultations [Individual & Group]
Networking & Communities of Practice

Tools, Resources & Funding
Strategic Planning & Capacity Bldg.

Coaching & Mentoring
Assessment, Research & Scholarship

Areas of Support

FUNDING

- ◇ [Community Engagement Associates Program](#)
- ◇ [Dissemination & Leadership Development Grants](#)

TEACHING & LEARNING

• Curriculum Development & Transformation

- ◇ Service Learning and related community-engaged Teaching practices (Inclusive - Undergraduate, Graduate and Professional)
